JUGGERNAUT EXTENSION

In 1955 the Juggernaut Extension to the Hancock Water Supply was completed at a cost of \$58,906.39, and the water was let into the system on November 18, 1955.

The cost of the project was increased a great deal by the large amount of ledge encountered near the lake.

Even with the increase, arrangements have been made to repay the cost of the Project within twenty years at the rate of \$2,375.00 per year plus interest.

To do this and have enough money for maintenance, some increase in revenue must be affected at the 1956 annual meeting.

HANCOCK IN 1955

Visitors to our Town during the summer or early fall may well have wondered at the periodic detonations and shakes coming from the foothills of Skatutakee. High up in an area familiar to deer hunters but little known by many citizens there were great goings-on.

Two power shovels, a couple of bulldozers, plus compressors and drills were only part of the equipment hewing a trench for the pipeline to Juggernaut Pond. On one occasion at the really deep cut through faulted granite — the place near the Pond which caused all the trouble — a scintillometer checked radio activity. We needed water, but the Town wouldn't want to overlook a little workable uranium to help pay for the \$60,000 project.

In 1907 we first laid on town water from a dammed up section of Davis brook. In November 1955 the vast source of Juggernaut was tapped by Ellerton Edwards, Antrim contractor and the purest of water fed into the original line. Shortages of water, condition of water and pressure short of serving most of Norway Hill became past history.

Charlie Gleason, Donald Stearns and Everett Adams, the Water Commissioners; Tom Kierstead, Ernest Adams and Bessie Bradley, the Selectmen plus others shared the headaches of our major construction project. Bessie, by the way, is our first lady selectman. Her father, Wm. D. Fogg, appropriately enough, was a prime mover in connection with the original water system.

A charming lady Selectman, that's only one of the things that have changed in a hundred years. It's enriching to glance back and see what we used to look like.

Just a hundred years ago Trace & Company of Claremont published a volume entitled "New Hampshire As It Is" which (on page 232-3) has a couple of paragraphs on Hancock. At that time our population was 1012 and our valuation \$628,790, there were 1112 sheep, 1390 cows and 245 horses grazing on our hillsides. We were described: "It is emphatically one of those good old farming towns where anyone would be proud to point out the home of his ancestors."

In another sentence: "The Town bears little impress of change of opinions or customs." But today, a hundred years later, we have changed quite a bit. For the record we now have a population 612, our valuation \$1,192,494, there are 185 sheep, 140 cows, 20 horses and let's add about 550 autos on which Clerk Dan Devens collects toward Town expenditures over \$3,000.

While amounts raised on property have nearly doubled since 1855, it is the interest and dividend tax, non-existent in the good old days, which pays more than a third of Town expenses. In 1955 this "special Hancock industry" paid in a record \$20,141. Without this — and most towns get very little — our tax rate would soar. We have reason to welcome those who come to settle with us enriching our lives in many ways. And those acquiring property get in return an efficient fire department, alert Selectmen, active organizations to meet every taste, a famous church and pastor, interesting neighbors, mouth watering scenery and a lot of other things, as they say in connection with auction sales, too numerous to mention.

But we might mention a new club which fills one more need — namely the Stamp Club with our expert philatelist (and new Check List supervisor) Frank Hutchison to advise. And for the second time in its history Hancock is represented in the State Senate. And on Old Home Day — which is an outstanding event all by itself — this year we had our Washington Senator, Norris Cotton as principal speaker and to open the parade, Governor Lane Dwinell in person. Which puts us on some sort of a political map — perhaps because we have an inclination to vote reliably Republican.

Nationally 1955 could be identified as the year of the Davy Crockett fad. It was also the year of hurricanes Connie and Diane. Neither the hurricanes nor the fad figured particularly in Hancock's way of life. To further identify this year for those who read this many years hence, it was the year President Eisenhower had a heart attack and the year of the greatest prosperity our Country has known to date. Perhaps this well being shows itself just a little in our Christmas lighting which seems to improve each year — perhaps because we have Bill Sheriff as an expert in this field living right on our main street. Mrs. Harry Sheldon's home was definitely impressive from across the valley.

Our Post Office received a Christmas gift. It was a new sign, the joint work of Ralph and Priscilla Rokes (she held the board while Ralph used the saw); Freddy and Virginia Gleason did the painting. We all did the admiring.

D. REPORT OF DISTRICT CLERK

**Annual Meeting Hancock School District
March 5, 1955**

The meeting was called to order at 8:00 p. m. by the Moderator, Robert English, who read the warrant and certification.

Article 1. To choose a Moderator for the coming year.

The clerk was instructed to cast one ballot for Robert English, Moderator for the coming year.

Article 2. To choose a clerk for the ensuing year.

Adella C. Eva was elected clerk for the ensuing year.

At this point W. J. Eva suggested that a note of thanks be sent to Mrs. Brown for her 26 years of faithful service as clerk of district. It was voted unanimously.

Article 3. To choose a member of the school board for the ensuing three years.

The Moderator appointed Miss Cynthia Upton and Charles Adams as ballot clerks.

Ballots were cast using the school check list. Mrs. Elizabeth Strombeck was elected.

Article 4. To choose a member of the school board for the ensuing year.

Ballots were cast again using the school check list. Christopher H. Adams was elected.

Article 5. To choose a Treasurer for the ensuing year.

The clerk was instructed to cast one ballot electing Errol A. Simonds to the office of Treasurer for the coming year.

Article 6. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

It was moved, seconded, and voted in the affirmative that salaries of district officers be as follows:

Chairman of School Board	\$50 00
Each other member	30 00
Treasurer	20 00
Clerk	5 00
Moderator	1 00 per hr.
Auditors, each	1 00 per hr.

Article 7. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

A motion that we accept the reports as published in the town report was voted in the affirmative.

Article 8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Mr. Hitchings and Mrs. Crowell refused nominations.

F. R. Hutchinson and Herman Schlieting were elected, by a voice vote, as auditors for the ensuing school year.

Moved: That a committee of three (with alternates if desirable) be chosen — one a member of the P.T.A., a second a member of the School Board, and a third a member of the Educational Association (at least one to be a mother) — these three to talk with the Parent Teacher Associations and School Boards of neighboring towns to learn whether they would send their students to a good high school in Hancock.

A letter written by a high school pupil supporting the idea of reopening the high school was read by Elijah West.

A voice vote on this motion was in the negative.

Article 9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Moved: That we lay Article No. 9 on the table and proceed to Articles No. 15, 16, and 17 to be taken up consecutively.

This motion was lost.

Moved: That the school district raise and appropriate \$31,786.00 and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid, and upon the determination of the amount of state aid to be received by the school district during the next fiscal year, to authorize and direct the school board to apply against such appropriation the sum to be received from state aid and with the school district clerk certify

to the selectmen the balance as an assessment to be raised by the town for school purposes.

A standing vote was taken. The motion passed.

Article 10. To see if the district will vote to raise and appropriate \$650.00 for installing new floor covering in the kitchen and the intermediate grades room.

Moved: That the district raise and appropriate \$650.00 for installing new floor covering in the kitchen and the intermediate grades classroom.

After considerable discussion a vote was taken and failed to pass.

Article 11. To see if the district will vote to raise and appropriate, in addition to the original appropriation for 1954-55, the sum of \$1,796.00 to be made available to the school district prior to July 1, 1955, in order to meet unanticipated obligations caused by increased transportation requirements, increased enrollments in high schools and repairs to the sub-floor structure in the new classroom.

Moved: That the district raise and appropriate, in addition to the original appropriation for 1954-55, the sum of \$1,796.00 to be made available to the school district prior to July 1, 1955, in order to meet unanticipated obligations caused by increased transportation requirements, increased enrollments in High Schools and repairs to the sub-floor structure in the new classroom.

This motion passed.

Article 12. To see if the district will vote to authorize the school board to enter into a contract or contracts for not exceeding three years for the transportation of High School students from the Hancock Common to Peterborough High School, or take any other action relating thereto.

Moved: That the school board be hereby authorized to enter into a contract or contracts for not exceeding three years, for the transportation of High School students from the Hancock Common to Peterborough High School.

This motion was voted in the affirmative.

Article 13. To see if the district will vote to elect its officers by an official ballot and to adopt the non-partisan ballot system as provided in Sections 112 to 120, Chapter 34 of the Revised Laws for such election.

Moved: That the district elect its officers by an official ballot and adopt the non-partisan ballot system as provided in Sections 112 to 120, Chapter 34 of the Revised Laws for such election.

A voice vote passed the motion.

Article 14. To see if the district will vote to use a check list at future district meetings as provided in Section 11, Chapter 139 of the Revised Laws.

Voted to dismiss this article.

Article 15. To see if the District will vote to establish a High School and raise and appropriate the sum of \$20,503 for same or take any other action relating thereto. (By petition.)

Voted to dismiss this article as a previous motion takes care of the problem.

Article 16. To see if the district will vote to request the lease for one year of the building, equipment, land, books and other possessions owned by the Hancock Educational Association and used for the previous Hancock High School, and raise and appropriate \$1.00 (one dollar) therefor, in accordance with the vote of the Hancock Educational Association at its 1954 annual meeting, and authorize the School Board to complete the contract, or take any other action relating thereto (By petition).

Voted to dismiss this article.

Article 17. If the district votes to establish a High School, to see if the district will vote to enlarge the membership of its school board, in accordance with Chapter 139, section 14, of the N. H. Revised Laws, and choose such additional members of the school board or take any other action relating thereto. (By petition.)

Voted to dismiss this article.

The moderator, clerk, two school board members, treasurer and two auditors were sworn in and each signed a loyalty oath. The meeting adjourned at 10:00 p. m.

E. WARRANT

SCHOOL WARRANT

To the Inhabitants of the School District in the town of Hancock qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March, 1956, at 1:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the School District will vote to accept the High School Building and land from either the Town of Hancock or the Hancock Educational Association, together with any trust funds or other sums of money held by the Hancock Educational Association, or take any other action relating thereto.

Given under our hands at said Hancock this 10th day of February, 1956.

B. PROGRAM AND METHODS

The Hancock Elementary School started its school year in September with two new teachers on its full-time staff. They are Miss Patricia Therrien who replaces Mrs. Elizabeth M. Weston as teacher of grades one and two, and Mrs. Edna D. Howard who replaces Miss Virginia A. Walsh as teacher of grades 3, 4 and 5. Mrs. Mavis W. Rutledge continues as principal and teacher of grades 6, 7 and 8. Mr. George W. Breakwell is music supervisor this year and Mr. Donald G. Bostrom continues as art supervisor. Miss Gladys E. Newhall is in her second year as school nurse.

The school lunch program was discontinued as of June 1955 due to the resignation of Mrs. Paula Wirz. The children for the most part have been carrying cold lunches and milk has been provided. In addition a Special Milk Program has been started this year. Extra milk is made available to the children at recess time for four cents a bottle. This is done through the efforts of the State Hot Lunch Program to encourage children to drink milk.

A Defense Stamp Program is in operation at the school which allows children to purchase Defense Stamps regularly to encourage the habit of saving.

Under the guidance of Mrs. Rutledge an Audubon Club has been organized with twenty members. In this activity the children not only learn about the wild life of their state but about such worthwhile things as conservation.

Regular visits have been made to the library this year to encourage the children in using this fine facility.

Mrs. Howard's class has done extremely well in their work with Flut-O-Phones.

Social activities for the children have included joint assembly programs in the lower grades, a costume parade on Main Street at Halloween time, Halloween parties in the afternoon for the lower grades and in the evening for the upper grades.

At Christmas time the whole school under the direction of Mr. Breakwell sang carols on the steps of the town hall. Mrs. Rutledge's class sang carols to shut-ins during Christmas week.

A new report card has been sent out this year for grades one and two. Further study is being made for revisions in the other grades.

Members of the sixth grade again participated in the school camping program at Sargent Camp where the children carried on classroom activities in the natural setting offered by the camp.

PART III. SCHOOL PLANT

The exterior walls of the school have been ventilated by raising the clapboards and a prime coat of paint has been put on preparatory to a finished coat to be applied when warm weather returns.

The supply room in the school basement has been enlarged in order to make room for supplies and book storage.

Ten new pupils' desks and chairs and new teachers' desks and chairs have been provided in all three classrooms.

Volley ball equipment has been provided for the school playground.

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. HEALTH

To the Inhabitants and Taxpayers of the Town of Hancock.

Another year has rolled around and the time has arrived for a summary of the work accomplished during that year.

The breakdown of my work from January 1, 1955 to January 1, 1956 is as follows:

Physical examinations (since Sept.)	58
Heights & Weights (since Sept.)	61
Defects	17
Vision correction	9
Polio Vaccine (including 2nd shot)	17
Dental	8
Chest X-rays	24
Home contacts and visits	26

I would like to express my appreciation to the teachers, individuals, organizations as well as the taxpayers who have added in any way to the improvement of the health of our country's children.

Let us continue to improve their health every year. The health and welfare of your children should be of primary consideration both for your benefit and theirs as well as for the improvement of our nation. So let us "set our sights high" in "56" in an effort to establish and maintain the optimum health of our future citizens.

Respectfully submitted,
S/GLADYS NEWHALL, R.N.
B. S., Ed. M.

B. HELPING TEACHER'S REPORT

The Helping Teacher's role of counsellor, specialist and consultant to the professional staff, school boards and parents and to the community at large has one major objective and that is the improvement of the educational growth and development

of the children in our schools. In trying to analyze what growth and development has occurred during a year one must look back to see what has been done in order to measure its relationship to the outcomes. Often the outcomes are not easy to see at a given time but are occurring all of the time and not all at one time.

What are some of the things your helping teacher has been doing this year with the preceding objectives in mind?

Over three hundred visits have been made to classrooms in the supervisory union for the purposes of supervision, observation and help.

Innumerable conferences have been held with principals, supervisors and nurses.

There have been some 30 cases of children requiring special help because of retardation or reading difficulties.

Many conferences have been held with groups of teachers for the purposes of studying and improving the curriculum notably in the areas of English, Social Studies, Language, Arts and Arithmetic.

A seminar on reading was arranged for elementary teachers, parents and school board members at which Anna Gillingham of New York and Dr. Helen Murphy of Boston presided. At this seminar teachers had an opportunity to discuss freely current problems in reading instruction.

Interviews of six children under the required entrance age were arranged and conducted in September.

Over fifty conferences were held with parents regarding problems or special help for their children.

Talks were delivered to different P. T. A.'s by your Helping Teacher.

Last year's new teacher's handbook was revised and brought up to date.

A monthly bulletin was published for all teachers and principals during the year. It included suggestions for the improvement of instruction and contained inspirational items as well as lists of new texts and materials available to all teachers.

Worked with special committees of the Supervisory Union Board in providing statistical and other information concerning retardation and remedial reading.

Interviewed and corresponded with over thirty-five candidates for the twenty vacancies in the various schools of the supervisory union this year.

Worked with teachers who had special problems in the classroom.

Worked with teachers in helping to determine those children who have reading difficulties and worked out ways of helping these children.

Administered tests to children having reading difficulties.

Arranged for special help for children who needed it outside the classroom.

Participated in local and state teachers meetings as a speaker and consultant.

Attended school board meetings.

Reviewed new textbook material and made recommendations for changes where it was felt an improvement could be made.

Attended summer school for professional improvement, taking courses in elementary and high school supervision.

What are some of the things which have been happening . . .

As a result of teacher conferences a unified social studies program was worked out for grades 1-12 in our schools.

Individual techniques of teaching reading in order to help all children have been introduced and are being actively used in some of our schools.

An outline for the English program was worked out for grades 7-12 in one of the high schools.

Two teacher study and survey groups were organized and will be working during the current school year: one in the area of language arts (reading, spelling, writing) and arithmetic, the other in the area of reporting to parents.

A pilot program in the teaching of geometry was introduced into our high schools.

An experimental program to improve the teaching of spelling was introduced into one of the elementary schools.

In arithmetic tests administered by the University of New Hampshire pupils in our upper elementary grades scored higher than the state and national averages.

What are some of the things observed . . .

In spite of the many criticisms which have been leveled at public schools throughout the country this year on the score of reading instruction and curriculum our schools have continued to grow and to look for ways of improving. Not only have we been working in the areas of reading and curriculum but we are at present continuing our study of all areas of the curriculum.

Our school facilities have greatly improved and this is a great aid to instruction. This makes for a great difference in teacher and pupil morale.

The two committees appointed by the Supervisory Union Board to study the needs of Remedial Reading Instruction and help for retarded children as recommended by the Helping

Teacher did a splendid job and it is hoped that the people of the various communities will back the school boards when they ask for money in their individual budgets to take care of these two great needs in our schools.

This has been a very rewarding year for the Helping Teacher. The wonderful cooperation of the Superintendent, Principals, Teachers, Schoolboard Members, Parents and citizens of the various communities have made it possible to do the job of "helping" with dispatch and meaning.

Respectfully submitted,

ROBERT FILBIN
